COENZYM EXTRA!

THE COMPLEX CARE, PROTECTION AND STRENGTHENING.

Why use COENZYM EXTRA!:

- Protects against free radicals
- For the health and proper functioning of the heart
- For a properly functioning energy metabolism

Coenzym Q10

- Beneficial for energy production in the cells of our body. Creation of coenzyme Q10 in the body decreases after a certain age. It is therefore beneficial for it to be continually updated.

Omega-3-PUFA

- Thanks to the advantageous influence on the human body, it is recommended that they form a regular part of our diet.

Vitamin B1

- Contributes to the normal function of the heart, nervous system, energy metabolism and mental activity

Vitamin E

- It helps to protect cells from free radical damage.
