

OCUTEIN®

LUTEIN 15 mg GINKGO

NEW!
FOCUSED
on my vision

- **one ocular nutrition** 4 categories of nutrients (Ginkgo biloba, Omega 3, carotenoids and antioxidants) which are important for the nutrition of the eye and maintaining natural protective system
- **long-lasting nourishment of the retina and supporting peripheral circulation eyes** (Ginkgo biloba)
- **limitation of the development of inflammatory and degenerative disorders of the eye** (lutein, zeaxanthin)

available in two packaging market

Ocutein® GINKGO Lutein 15 mg Da Vinci Academia 30 capsules
Ocutein® GINKGO Lutein 15 mg Da Vinci Academia 60+30 capsules

A unique eye nutrition with 4 categories of nutrients

1. **Ginkgo biloba** - improves the function of the optic nerve and retina
2. **Omega-3 PUFA (DHA a EPA)** - sclerotic effectiveness of eye blood vessels
3. **Carotenoids (lutein, zeaxanthin, vitamin A)** - protects the nerve cells in the macula
4. **Antioxidants (vitamin C, zinc, selenium)** - essential for proper visual function

Why use Ocutein® GINKGO 15 mg Lutein?

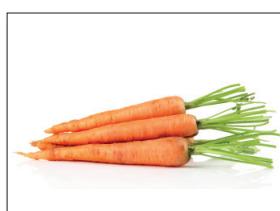

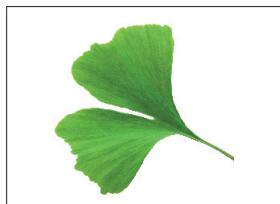

- It contains a higher and more effective dose supplementation of lutein / zeaxanthin for **faster onset and longer protective activity**.
- Ginkgo biloba extract **synergistically consolidates the effect of lutein, zeaxanthin and omega-3 PUFA** and relatively clearly improves blood flow to the optic nerve and improves vision.
- **Omega-3 PUFAs improve the bioavailability of lutein / zeaxanthin** (must prevail over omega-3 omega-6 PUFA, in the case of superiority of omega-6 PUFAs a positive modulatory effect on the cognitive function and sight cannot be expected).

Table of nutrition values

Ingredients:	In 1 Capsule	% RI- References Intake
Lutein	14 mg	not specified
Zeaxanthin	1 mg	not specified
Ginkgo extract 24/6 (Ginkgo biloba)	45 mg	not specified
Vitamin A (retinyl palmitate)	628 µg	79%
DHA (docosahexaenoic acid)	250 mg	not specified
EPA (eicosapentaenoic acid)	36 mg	not specified
Zinc (zinc oxide)	14 mg	140%
Selenium (sodium selenite)Selenium (sodium selenite)	26 µg	47%
Vitamine C (L-sodium ascorbate)	100 mg	80%

Fish oil (70% DHA, 10% EPA), capsule; gelatin; sodium ascorbate, capsule; glycerol; emulsifier: soy lecithin; lutein oil suspension 20%, polishing agent: beeswax, Ginkgo extract 24/6, filler: soybean oil, capsule: purified water, zinc oxide, devitalised biomass beer yeast with selenium, oil zeaxanthin oil suspenzion 10%, dyes: caramel coloring; retinol palmitate.

Dosage: 1 capsule a day
