

Imunit[®]

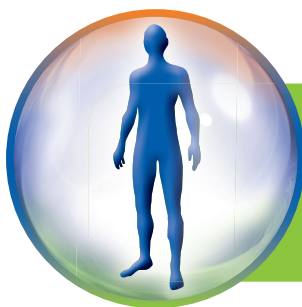

5PreveMax

Food supplement with sweeteners

for immediate immune system boosting - within a mere 5 minutes!

IMMUNITY BOOSTER - IN 5 MINUTES!

Boosts the immune system
through the power of its **5 active ingredients:**

5 mechanisms of defence against bacteria and virus:

Nucleotides and polysaccharides of chlorella
stimulate immunity against viruses
and bacteria

Beta-glucans
enhance the rapidity of cellular and metabolic
autoimmune response

Pyridoxine
favourably regulates immune functions

Folic acid
accelerates immune cells maturation

Selenium and Vitamin C
improve energy metabolism
and immunity.

Imunit[®] 5PreveMax

Food supplement with sweeteners

for immediate immune system boosting - within a mere 5 minutes!

Imunit 5PreveMax is a food supplement boosting autoimmune response within a mere 5 minutes from use if taken from the very onset of a viral or bacterial infection. It boosts the body's immune system, reduces the symptoms and shortens their duration.

The mix of 5 active ingredients present in Imunit 5PreveMax tablets – nucleotides, beta-glucan, pyridoxine, folic acid, Selenium and Vitamin C – stimulate immunity of the mucous membranes in the mouth and throat. As a result, the immune system is boosted in a time as short as 5 minutes after you take a tablet.

Take Imunit[®] 5PreveMax:

To boost your autoimmune system in a mere 5 minutes

As soon as you start experiencing signs of a viral or bacterial infection

To shorten duration of the problems and make them milder

Together with antibiotics

To soothe a sore throat

To overcome persistent weakness and fatigue

At the start and during infection of the airways

Table of nutritional values

Ingredients	1 tablet	RDD*
Oyster mushroom (Pleurotus ostreatus) Extract (glucans)	50 mg	not indicated
Chlorella extract (nucleotides)	5 mg	not indicated
Vitamin C	28 mg	35%
