## ABOUT THE COMPANY

**Simply You Pharmaceuticals a.s.** is the largest company in the segments of food supplements, pharmaceutical cosmetics and medical devices on the Czech pharmaceutical market.

Thanks to a strong research, production, sales and marketing background, the company launches a number of innovative products every year. The portfolio was expanded with natural hemp care products of the Cannaderm® brand in 2014. Several other well-known brands were acquired in the following years, such as Vlasové hnojivo, Lipoxal®, Bellasin®, DIAMizin Gurmar, UniLakt®, No-Prostal and others.

The company's activities are spread worldwide – its products are sold in the Czech Republic, Slovakia, Hungary, Poland, Bulgaria, Lithuania, Latvia, Estonia, Denmark, Jordan, Saudi Arabia, Iran, Spain, Bosnia and Herzegovina, Vietnam, Belgium, Germany, Croatia and other countries.

Simply You Pharmaceuticals cooperates with a number of multinational pharmaceutical corporations. The Swiss Pharmaceutical Investment Group is one of the strategic partners at the level of research, development and marketing. The company participates in a number of international trade fairs, such as CPhI Worldwide or Vitafoods in Geneva, Natural Products Expo West in the USA, CosmoPharma in Bologna, IN-Cosmetics, Health ingredients Europe & Natural ingredients and others.

Simply You Pharmaceuticals actively participates in the activities of professional and interest organizations, such as PROKOS or ČASP, through which it is a member of IADSA (International Alliance of Dietary/Food Supplement Associations), EBF (European Botanical Forum) and FSE (Food Supplements Europe). It is also a member of the Association of Manufacturers and Suppliers of Medical Devices.

**The goal of Simply You Pharmaceuticals** is to bring to the market reliable, high-quality and effective products supported by a professional information service for doctors, specialists, pharmacy specialists, but above all for end customers who want to actively take care of their health.

**THE MAIN OBJECTIVE IS TO ACTIVELY CONTRIBUTE TO INCREASING CUSTOMER HEALTH  
AND THUS TO THEIR HAPPIER AND SATISFIED LIFE.**

The company's portfolio includes products and brands such as Ocutein®, Priessnitz®, StopKašel®, Dr. Weiss, Clavin®, ArginMax®, DonnaHair®, Karpal Akut, HemoStop®, Elast-Q®, Vlasové hnojivo®, Planthé Laboratories and many more.

The best-known products in the Cannaderm range include, for example, Mentholka® and Thermolka® hemp ointments and the Cannadent and Capillus programs.

Simply You Pharmaceuticals products are characterized by high efficiency and competitive price. Quality control is set significantly beyond the legislative regulations of the Czech Republic.

### Research and development

**Modern research** is one of the significant advantages of Simply You Pharmaceuticals. It cooperates strategically and exclusively with a group of major institutes and centres, led by the Czech INSTITUTE, but also with a number of multinational corporations.

The main goal of the research is to define and standardize natural active substances and prove their safety and biological effectiveness in preclinical and clinical trials sufficiently and accurately.

devices passed independent content quality control.

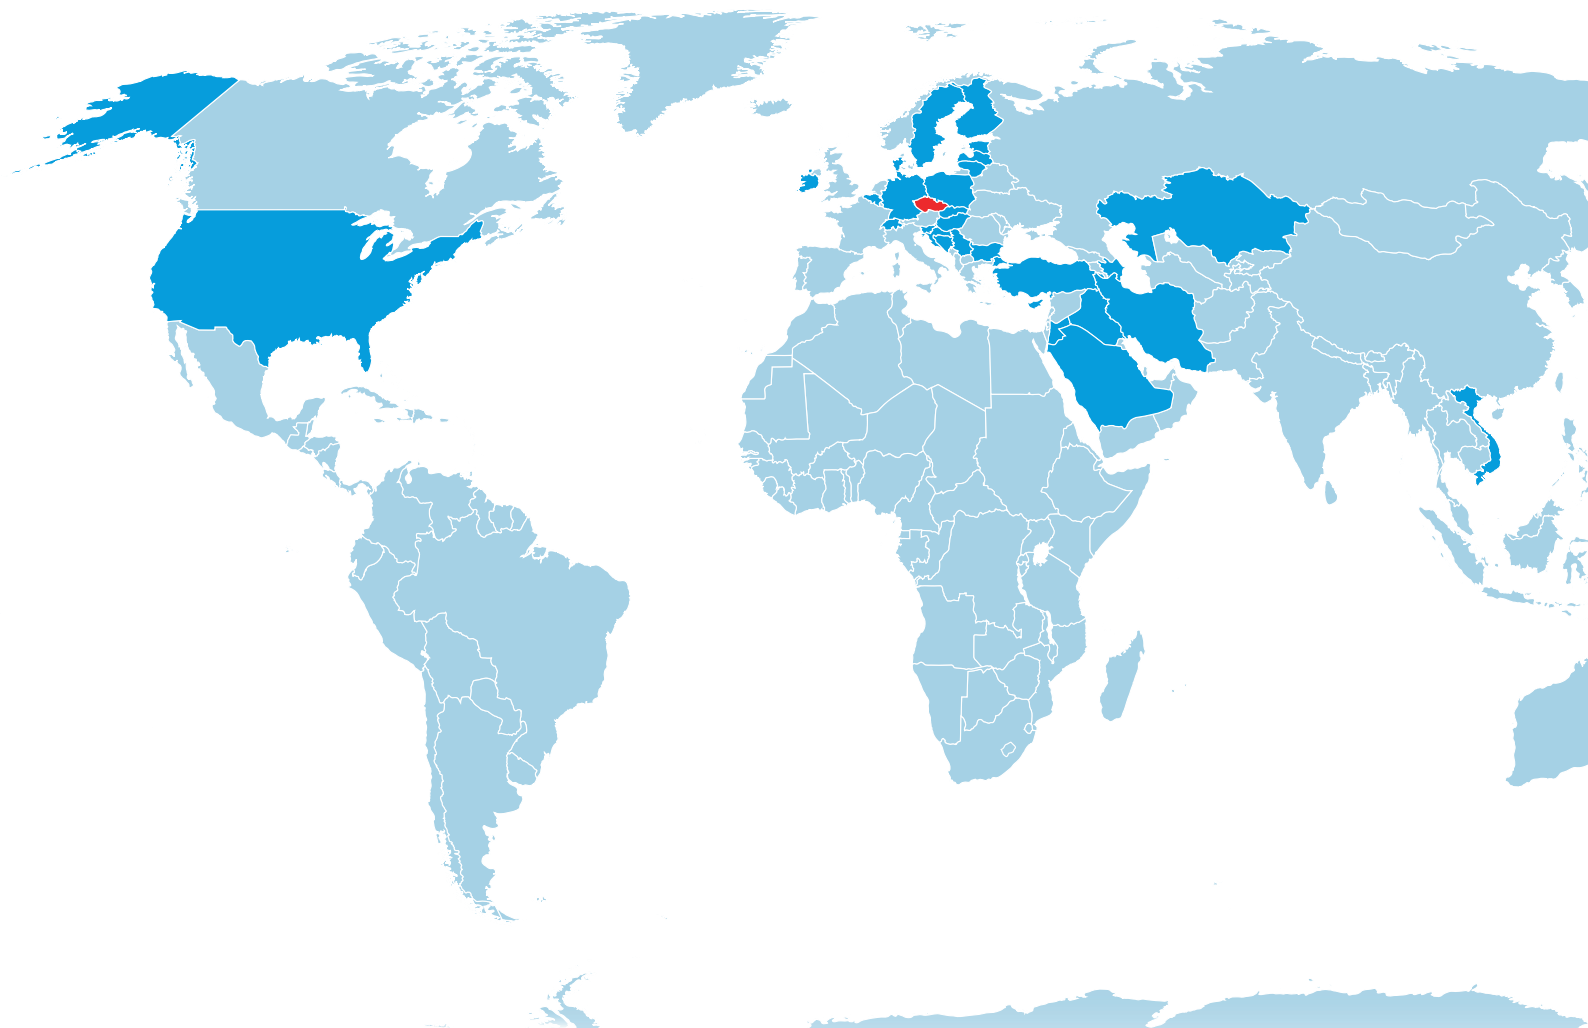

### Charitable and humanitarian support

Simply You Pharmaceuticals launches a new and original charity event every year to provide assistance to those in need and all employees can participate through personal commitment.

The company has long supported projects of individuals, foundations and charities. It worked with, for example, the Czech Paraplegic Association CZEPA, participated in UNICEF projects and sponsored the Tatana Gregor Kuchařová's and Tereza Maxová's foundations.

 EXPORT COUNTRIES

### WhitneyPHARMA Whitening Dental Set

FOR A BRIGHTER SMILE

WhitneyPHARMA Whitening Dental Set is a tooth whitening set containing 6 doses of whitening gel in 3 syringes. The package also contains UV LED light to activate the whitening effect. The gel is designed to ensure the best results without negative effect on sensitive teeth. Thanks to the combination of active substances and their activation by UV light, oxidation occurs to eliminate dirt on your teeth and destroy the bacteria that cause yellow teeth.

- whitens yellow teeth
- does not damage dental enamel
- does not cause toothache after the gel is applied

### Zlatěnka flax fiber and chia

GOLD AMONG FIBERS WITH CHIA
